Rev. T. W. Lewis Is Host Of Reunion Of Lewis Family

Independence day was the occasion of a pleasant reunion of the Lewis family at the home of the Rev. and Mrs. W. Lewis, 1233 Monroe avenue. Dr. Lewis is pastor of the Madison Heights Methodist church. Five members of the family were present, the father, the son, and the brothers of Dr. Lewis, all of whom have won honorable distinction in their various vocations.

For more than 40 years J. A. Lewis, of Houston, Miss., father of Dr. Lewis, has been superintendent of the Sunday school in the Methodist church, of which he has been a life-long member. He has retired from active business, but continues to take a leading part in the church work of the community.

Dr. Lewis' son, T. W. Lewis, Jr., is a prominent attorney at Columbia, Miss., and is now a candidate for the legislature, with every prospect favorable to his success in the campaign.

The Rev. E. S. Lewis is the pastor of the Methodist church at Greenville, Miss. H. M. Lewis is attorney for the Santa Fe railroad at Davis, Okla. Lewis Lewis is at the head of one of the departments of Miller Bros. & Co., of Chattanooga, Tenn.

This is the first time that all the members of the family present have been together for four years. The occasion was celebrated by a most delightful dinner party, over which Mrs. T. W. Lewis presided.

TAX RATE COMMITTEE TO APPEAL TO COUNTY COURT

The special tax rate committee, of which J. M. Dean is chairman, representing the Chamber of Commerce, Real Estate association, City Club and 20 other organizations, will present to the county court, probably next Monday, a request that detailed survey of the revenues requirements of every department of the county be made by a disinterested committee, in case it is decided materially to increase the county tax rate this year.

Mr. Dean received assurances from the members of the county tax rate committee that the rate, if possible, will be kept at about the same as last year, which including state tax, was \$1.68. If the county rate is placed but little above that figure, the committee members will make no investigation this year. They probably will ask for a general survey, such as they recommended for the city. Such a survey would not only show revenues derived from all sources, but would show in detail every departmental expenditure.

Many of these details appear on the books in the chambers office, but in the office of the county commissioners, and the school records show the detailed expenditures for the county schools.

Both the schools and the county commission are asking for increased appropriations this year, but unless the tax rate is increased, this will scarcely be possible, as the aggregate of the county assessment this year is nearly half a million dollars less than for 1918.

NEW ORLEANS SALOONS TO CLOSE ON SUNDAY

NEW ORLEANS, July 4.—Whether beer of 2.75 per cent alcohol is intoxicating or not is a question which brought complications here Thursday night with Superintendent of Police Mooney ordering all saloons men arrested where it is served to soldiers and sailors and announced that saloons would be closed on Sundays just as in weeks days unless a decision to the contrary was given him before next Sabbath.

With the passing of heavier drinks automobile business has so slumped that tax drivers agreed today to increase the fare from \$1 to \$1.50 an hour. Only two of the cabs in the large hotel have remained open since prohibition law went into effect.

An indictment today by the federal grand jury against Edward G. Schioler, brewer, for a test case charging him with the manufacture of beer containing more than one and one-half per cent alcohol was the first legal move to decide the future of 2.75 per cent beer which is being sold here in many former saloons.

ESTHONIAN SHIPS GET HOLD OF BOLDERA FORT

COPENHAGEN, July 4.—Esthonian warships have captured the fortress of Boldera at the mouth of the Dyina river and have chased the river of German armed vessels as far as the Muehlgrabe canal.

An Esthonian official statement containing this announcement says that four of the German vessels were captured.

The Esthonian press bureau points out that this means Riga is invested from the west as well as from the east and north and that the cordons is tightening about the city.

FORMER KAISER'S GUARD IS STEADILY INCREASED

LONDON, July 4.—The former German emperor's guards at Amerongen have been increased, according to the Daily Mail correspondent, and his staff has been reduced. Lieut.-Gen. von Ertorff has left for Berlin.

Well-informed circles in The Hague, this correspondent says, do not believe that Holland will give the ex-emperor up to the allies. They are of the opinion that he will remain in Holland for the rest of his life.

BENTON, Ark., July 4. (Sp.)—A stock company has been organized here with a capital stock of \$200,000, with the object of boring for gas and oil at Belfair, Grant county, where unmistakable evidence of both has been discovered. The incorporators are Dr. J. W. Walton, of Benton, president; Sam R. Cobb, of Little Rock, vice-president; and L. H. Harrison, of Sheridan, secretary and treasurer.

GULF STORM HEADS IN.

WASHINGTON, July 4.—The gulf storm was central early today immediately east of Pensacola, where it will probably dissipate by the day and probably diminish in intensity. The disturbance has been attended by shifting rains on the northwestern coast of Florida and storm warnings remain displayed between Boloxi, Miss., and Cedar Keys, Fla.

Thankless Job In Hun Cabinet

HERMANN MUELLER.
As foreign minister in the new German cabinet, Hermann Mueller is confronted with the duty of signing the peace treaty for Germany. It is a thankless job, and Mueller prefers that it be done by someone else.

Mueller was one of the most conspicuous German delegates at the international socialist conference which met in Bern last February. He acknowledged the guilt of Germany, as far as the Kaiserreich-Junker parties were concerned, but affirmed that German social democrats had always been opposed to militarism. He said in the session of Feb. 5:

"The young republic of Germany is ready to consent to general disarmament on the condition that all other countries do the same."

SPARTANBURG WALKS BECAUSE OF STRIKE

SPARTANBURG, S. C., July 4.—Street car service came to a stop on all lines of the South Carolina Light, Power and Railways company here Thursday at 7 o'clock p.m. after a day in which half the cars nominally in operation, had been in service. The strike called Friday morning followed the refusal of the company to recognize the newly organized union among its employees.

The men are demanding a minimum wage of 37 cents per hour, a nine-hour shift, the reinstatement of a recently discharged employee and recognition of the union. The tie-up last night is complete, and it is not known whether an effort will be made to operate cars to handle Fourth of July crowds today.

POLICE TO REGULATE TAXI CURB MONOPOLY

In an endeavor to relieve the traffic congestion of Memphis downtown streets, the first step was taken Friday when Joe B. Burney, chief of police, gave orders to the captains of police in regard to taxicabs that are to go into effect Saturday.

Capt. Mike Kehoe and John J. O'Hearn were instructed to have their patrolmen see that not more than one vehicle of any one company remains on a public stand at a time.

Not more than two different taxicab lines can use the same stand on any one block, if more than two lines, their stands must be on separate blocks.

BASEBALL GAMES SCHEDULED.

BLUE MOUNTAIN, Miss., July 4. (Sp.)—Besides the religious features to be enjoyed here during the North Mississippi Baptist encampment, the week of July 12-20, there will be a series of baseball games between Blue Mountain and adjoining towns, which will give the visitors a chance to relax after the indoor meetings and which bid fair to be contests well worth the seeing. The local lads are training daily and will appear in snick and span uniforms and with brand new equipment when the big Baptist gathering opens here. Spicy games in tennis on the local courts will likewise feature the athletic attractions of the week, to say nothing of the numerous rambles to the many beauty spots of North Mississippi, for which Blue Mountain is famous.

Hundreds of telegrams of tribute were received at the home today. One to President Wilson from the National Association of Women's Suffrage Leaders read: "The world is infinitely poorer by the death of so great and good a woman."

ALCOHOLIC BEVERAGE SELLERS TO BE ARRESTED

WASHINGTON, July 4.—In line with the announced policy of the department of justice to proceed immediately to bring test cases in all jurisdictions where beverages containing more than one-half per cent alcohol are being sold, Assistant Attorney-General Frierson has issued orders to all district attorneys in "wet" territory to prosecute all cases thus arising.

Specific instructions were sent to the district attorneys of San Francisco and Chicago, where alleged violations of the war time prohibition law had been reported to act at once to have the courts there decide whether 2 1/2 per cent drinks were intoxicating.

A report from the district attorney at Atlantic City said a number of arrests had been made there and that the sale of alcoholic drinks had been stopped.
